### Post 1:

Our partners at Superspecs provide free protective eye gear to kids in Ohio, and are spreading the word about the importance of eye safety. Let's make eye injuries unheard of. **Get free gear, here: [superspecs.org](https://superspecs.org)**

### Post 2:

We're proud to partner with Superspecs to provide free protective eye gear to the kids in our program. Let's make eye injuries unheard of. **Get free gear, here: [superspecs.org](https://superspecs.org)**

### Post 3:

Of the total amount of work-related injuries, 10-20% will cause temporary or permanent vision loss. We're proud to partner with Superspecs, who provide free protective eye gear for our classrooms, to keep our students' eyes safe. **Learn more at [superspecs.org](https://superspecs.org)**

### Post 5:

Get protective equipment for your vocational program. We do! Superspecs works with Ohio schools to protect kids' eyes while they're learning by donating safety glasses free of charge for programs in dental hygiene, heating and air technology, engineering and architectural design, welding and fabrication, auto body collision and repair, and auto services.

### Post 7:

When kids are learning their trade, safety goggles actually help improve their performance. Why? Because when they're not flinching away from getting things in their eyes, they have more attention to spare on actually fine-tuning their skills. And when their skills improve, they're more confident now—and when they get jobs. We're proud to partner with Superspecs to provide free safety glasses for our students. **Learn more at [superspecs.org](https://superspecs.org)**

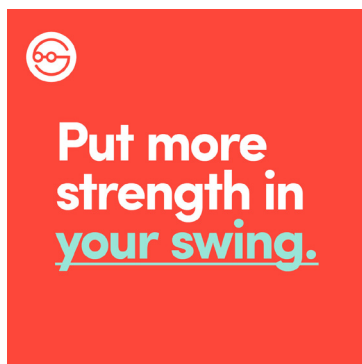

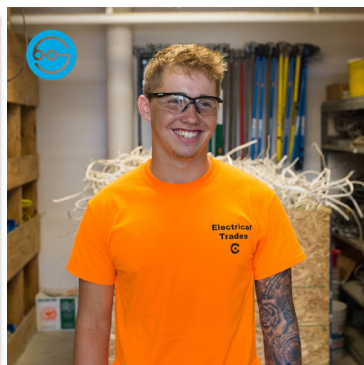

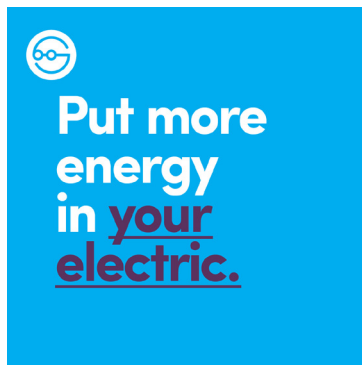

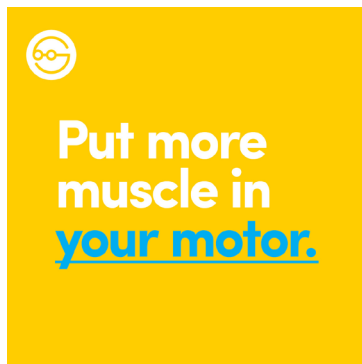

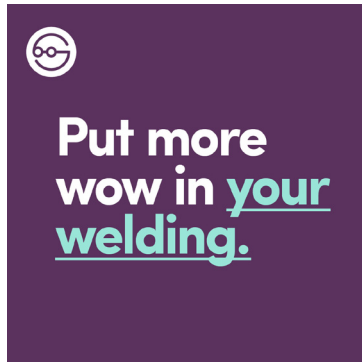

### Post 8:

The free safety goggles used in our vocational program not only keep students' eyes safe, but prepare them for job sites on which they'll be expected to wear gear all the time.

Know somebody who's involved in a vocational program that might be eligible to apply for an equipment grant from Superspecs? Tag them right here. **Learn more at [superspecs.org](https://superspecs.org)**
